Bibliography:

1. Trivedi Shivkumar Hasmukhani - “Software testing techniques”, Oct 2012.

2. Bansal Anjul - “A comparative study of software testing techniques”, June 2014.

3. Chande Swati V - “Software testing through evidence gathering”, 2013.

4. Hussain Taraq - “A comparative study of software testing techniques viz white box, black box and grey box testing “,2015.

5. Lutsaievskyi Oleksander - “Selection and application of software testing techniques to specific conditions of software projects”, May 2013.

6. Chauhan Ranseet Kaur – “Latest research and development on software testing techniques and tools “, August 2014.

7. Singh Keertika - “A strategic approach to software testing”, 2014.

8. Singh Naveen - “Software testing using evolutionary approach”, June 2013.

9. Anitha .A- “A brief overview of software testing techniques and metrics”, December 2013.

10. Sawant Abhijit A- “Software techniques and strategies”, June 2012.

11. Taneja Maneela - “A research study on importance of testing and quality assurance in software development life cycle (SDLC) models”, July 2012.

12. Bhatnagar Rahul - “Research study in software testing”, December 2013.

13. Sharma Sagar - “Software techniques and experimental research drawn from inferences”, January 2014.

14. Sharma P. Suresh - “Automation of software testing in agile development”, July 2014.

15. Khan Mohd. Ehmer - “Different forms of software testing techniques for finding errors”, May 2010.

16. Rajasekhar P- “Agile Software Development and Testing: Approach andChallenges in Advanced Distributed Systems”, 2014.

17. Swain Santosh- “Model base object-oriented software testing “, 2010.

18. R Harish – “A Sophisticated Study on Best Practices of Agile Software Testing”, 2012.

19. Kaur Harpreet – “Comparative Study of Automated Testing Tools: Selenium, Quick Test Professional and Test complete”, Oct 2013.

20. Lazic Ljubomir- “Orthogonal Array application for optimal combination of software defect detection techniques choices”, Aug 2008.

21. Palanisamy V – “Improving Quality of Software Testing Process by Test Case Prioritization”, July 2014.

22. Sharma Chayanika- “A Survey on Software Testing Techniques using Genetic Algorithm”, Jan 2013.

23. Alqrainy Shihadeh- “Risk Factors in Software Development Phases”, Jan 2014.

24. Saxena Sajal- “Systematic Study of a Web Testing Tool Selenium”, Nov 2013.

25. Misra Sudip- “An Empirical Framework for Choosing an effective Testing Technique for Software Test Process Management”, Nov 2005.

26. Pandey Bipin- “Soft Computing Based Approaches for Software Testing: A Survey”, May 2014.

27. Vanitha Katherine A- “Conventional Software Testing Vs. Cloud Testing “, Sep 2012.

28. Malhotra Rahul- “Testing Techniques and its Challenges in a Cloud Computing Environment”, Aug 2013.

29. Paygude Priyanka- “Automated Data Validation Testing Tool for Data Migration Quality Assurance”, Feb 2013.

30. Gupta Shobhit- “Comparative Study of Automated Testing Tools: Rational Functional Tester, Quick Test Professional, Silk Test and Load Runner “,Feb 2015.

31. Palanisamy V- “Testing for Object Oriented Software”,2010.

32. Kundu Shakti- “Web Testing: Tool, Challenges and Methods” , March 2012.

33. Sharma Chayanika - “A survey on software testing techniques using genetic algorithm”, January 2013.

34. Pandey Bipin - “Soft computing based approaches for software testing”: A survey, May 2014.

35. Gandhi Geetika - “Implementing software testing model approach for efficient bug finding with Yin-Yung testing theory on java application”, Feb. 2014.

36. Sharma R.M - “Quantitative analysis of automation and manual testing”, July 2014.

37. Solanki Kamna - “A comparative study of five regression testing techniques”: A survey, August 2014.

38. Rambaugh, J., I. Jacobsen, and G. Booch, “The Unified Modelling Language Reference Manual”, Second Edition , Addison Wisley, 2005

39. Howard Foster, Antonia Bertolino, J. Jenny Li, “Automation of Software Test”, 6th International Workshop, 2011

40. Khatkar Vandana - “An approach for testing the design of website”, 2011.
